Dry goods men also want money—must have money at any price, at any sacrifice—to prevent time-honored names from being trampled in the dust.

They must move—they must be exchanged for money, at any sacrifice, in order to keep our stock up to its well known high standard. *A sacrifice sale of tremendous proportions has been inaugurated at*

We were shown by Mr. Condit Condit a picture of an orange tree growing near Altona, Florida, which produces 15,000 oranges yearly, and in 1909 the fruit of this tree brought \$100. Mr. Condit has seen the tree growing in many parts of the country, and has said that it is the best tree he has ever seen. It is a fine tree and makes much money from its products.
